Extract from email sent recently to those on the local NW e-list:

Suspicious Vehicle in Cotters Croft

Last night (17th) a young male (no more than about 20) was seen exploring? Cotters Croft and then getting into a small silver/grey unmarked van with a plumber's style tubular container on the roof. He drove off initially without switching on his lights at about 11.25pm.

Did anyone else see this vehicle/driver or can they account for his presence in the area.

One of the recipients of the email has seen this vehicle a number of times before this incident. Can anyone account for his presence or if not please be vigilant and if seen again try to get the VRN (Police request).

Information for Fenny Compton NW should be addressed to watch@fcvh.org.uk or your local co-ordinator.

Information for the Police should be passed by the most appropriate means as shown on the NW page. [LINK](#)
